### CONDITION OF THE MARKETS

Wheat Sells at Higher Prices Most of the Day, but Closes Lower than Tuesday.

Corn Also Shows a Slight Net Decline an Oats Follow the Same Course-Hog Products Quiet and a Little Easier.

MONEY, STOCKS AND BONDS. Prices Reach a Still Lower Level in Wall

NEW YORK, Oct. 29.-Money on call was easy, ranging from 3 to 6 per cent., the last loan being made at 3 per cent., closing offered at 2 per cent.

Prime mercantile paper, 6@8per cent. Sterling exchange quiet and easier at \$4.80% for sixty-day bills and \$4.85% for de-

The total stock sales, to-day, were 284,-644 shares, including the following: Atchison, 20,490; Delaware, Lackawanna & Western, 4,500; Louisville & Nashville, 16,762; Missouri Pacific, 5,035; North American, 14,-925; Northern Pacific preferred, 14,640; Reading, 3,410; Richmond & West Point, 5,570; St. Paul. 35,155; Union Pacific, 16,410.

The stock market to-day showed no material change in its general characteristics from the past few days and there was the same professional trading, the apparent willingness of the large holders of stocks to let them take care of themselves and the same disregard in its movements of the influences which should legitimately tend to the enhancement of values. The general list, as usual, is dull and comparatively stagnant, while the efforts of the operators for a decline were directly applied to a few stocks which proved specially vulnerable, and in those shares material losses were suffered. Again the falsity of the stories of financial difficulties in London was proved by the passing off of the settlements without failure of any kind, although it was stated that assistance had to be accorded in some cases. London, however, was not a factor in any way in this market, and the operations for London account were few, and confined to arbitrage operations almost entirely. On the other hand, Boston was a heavy seller, and the stocks in which it was most interested were especially weak. The announcement of the decrease in the net earnings of the Burlington for September was followed by a sharp attack upon that and the other grangers, which brought prices down to the lowest of the day, and in many cases to the

lowest seen in months. Sugar Refineries, after a sharp upward movement, in the forenoon, which seemingly had the effect of postponing the attack upon the general list until the afternoon, remained dull and featureless, but was held at the best prices for the remainder of the day. Chicago Gas fell away in the forenoon about 1 per cent., but the announcement of the decision from Chicago that the company had no right to buy or to hold the stocks of the other companies was received with apparent indifference, and the stock recovered all of its loss with the remainder of the list. St. Paul was one of the weakest stocks, and showed less recuperative power than the rest of the grangers, not with standing the favorable news from the West. The latter, however, was of some influence upon Union Pacific, which was well held in the forencon and later displayed considerable strength. The opening was made at irregular changes from last night's figures, and the early trading developed a continuance of the depression of last evening, but the sharp rally in Sugar carried the list along with it, and but little further weakness was seen during the forenoon. The raid upon the grangers after 12 o'clock, however, took the vim out of the market, and the lowest prices of the day all along the hne were reached at about 1 P. M., and when the pressure was removed dullness and stagnation were the features. Until the last hour, when covering of "shorts" again moved prices up, and in most cases the final figures are only slightly below those of the opening, the

Government bonds were dull and steady. State bonds were dull and without feature.

## TRADING AT CHICAGO.

Grain Opens Higher but Closes Lower than on Tuesday-Hog Products Easier.

CHICAGO, Oct. 29.-Wheat trading was active and prices were higher. Fluctuations were confined within a moderate range, and the outside prices of the day were not sustained. "Shorts" covered quite freely, some of the local sellers of yesterday and St. Louis parties being credited as the principal buyers. The market opened about the same as yesterday's closing to a shade above and eased off 38@12c, then started to advance, and with only slight fluctuations prices were bid up 118@114c, then started a reaction, prices easing off 34@7sc, fluctuated slightly and closed about 1ge lower for December and 14e lower for May than yesterday. The premium for May delivery over December was widened out to 478@5c. Corn was rather unsettled, price changes being frequent within a 58@1c range. The influences on the market were mainly local. First trades were at 180 14c advance, which did not hold, the buying orders on the market being soon satisfied. "Longs" began to un-load and a decline of 5sc followed. The crowd became short on the decline and wheat started up and an advance of 34c followed, shippers taking on good lines, one house in particular. The market again reacted 78@1c and closed 4@12c lower. The ats market was rather quiet, with a light volume of trade and a narrower range of prices. There was a fair demand early, the first trading being at slightly advanced prices. Later, on fair selling, prices receded 12c, but rallied 3sc, again yielded and finally closed a shade lower than yesterday. In mess pork a rather quiet feeling was noticeable and trade was light. Prices were irregular. Opening sales were made at 7½@10 cents decline, but with fair buying a firmer feeling was developed and prices rallied 7½@10c. Later an easier feeling prevailed, and prices settled back 7½@10c and closed steady. Lard trading was moderate. Opening sales were made at .02½c decline, but this was quickly re

Dry Goods.

NEW YORK, Oct. 29.-The demand for dry

goods was fair, considering the inclemency of the weather. Spring fabrics represented the larger features, though the market awaits developments as to staple goods. For immediate wants there was a good volume of deliveries on other orders and some spot demand. The tone of both cotton and woolen fabrics was strong, but the prices were without changes.

INDIANAPOLIS MARKETS.

Trade Active, with a Weaker Tone to Prices in Some Lines.

INDIANAPOLIS, Oct. 29.-In the wholesale markets there is a brisk trade in progress. On some articles a weaker tone to prices is noticeable. Sugars, for instance, East are lower, but not quotably changed here. Dried fruits and canned goods, as well, are moving slow, and prices are weak. The undertone to both the hide and provision markets is easy, while trade in both lines is good. The leather market is steady at the recently revised quotations. Vegetables of all kinds are hardly as firm as two weeks ago, but the commission men are not disposed to make any concessions to increase sales if the article offered is first-class in its quality. The flour market is moving along much in the rut of some

present no new features. The firmer, more active tone to the local grain market which set in on Tuesday was well maintained to-day, track bids ruling as follows:

Obsequies Over the Wrong Body. ROCHESTER, N. Y., Oct. 28.—Yesterday the supposed body of Roman Leach, a former resident of Geneseo, was brought to that place from Chicago for burial. During the funeral services at the cemetery the bearers and others thought they heard moans proceeding from it. After the friends had departed they opened the coffin and were horrified to find that the remains were not those of Leach, nor did the body look like him in any way. The body was shipped under the name of Fred Leach, and probably it was a mistake in
